Srinakharinwirot University Dental Journal (SWU Dent J)

SWU Dent J is a dental journal of Srinakharinwirot University established since 2005. We are pleased to welcome the authors to submit the articles in oral sciences and other related areas. SWU Dent J publishes two issues per year, January-June and July-December.

Purpose of the Journal

1. To publish the original research articles, literature reviews, case reports in oral sciences and other related areas.

2. To introduce new knowledge and observations related to the any aspects of oral and dental cares as well as other healthcare are especially encouraged.

3. To communicate academically between dentists and others in related areas.

Types of Articles

SWU Dent J publishes the following types of articles:

1. Original Articles report results of original research in dental and oral sciences as well as other related fields (preclinical, clinical, or translational). The presented work must not be published elsewhere.

2. Review Articles describe and evaluate previously published materials in a given topic, diagnosis, or treatment in order to suggest new approaches or ideas.

3. Case Reports of rare or unusual cases, or treatment with good long-term follow-up information, particularly in areas in which good statistics on results of treatment are needed.

4. Miscellaneous Other manuscript that reports useful information could be written in a form of “Letter to editor” or “Brief communications”.

Manuscript Submission

All abstracts must be submitted in English. Manuscript written in Thai and/or Thai authors need to include abstract in both languages. Authors of non-native English speakers should consider their work reviewed by either a native English speaker or academic proofreading services prior to submission.

All submissions must include a cover letter signed by all authors. Cover letters should certify the research is original, not being simultaneously considered for publication elsewhere, and free of conflict of interest. The format of cover letter is available at the end of this document.

In addition, title page should be submitted. Title page includes title of the manuscript, name, degree and affiliation of all authors. Moreover, mailing address, telephone number and email address of corresponding author should be included.

Submission can be done online via SWU eJournals System (OSJ) at http://ejournals.swu.ac.th/index.php/swudentj or the authors can send the manuscript and related document to email: swudentj@yahoo.com
Manuscript preparation
Manuscripts must adhere to the following instructions or they will be rejected before undergoing peer review.

- Prepare the manuscript in Microsoft Word using Cordia new font 16. Leave a one-inch margin on all sides. Do not right justify.
- Number all manuscript pages consecutively in the upper right-hand corner (text and references, followed by illustrations on separate pages).
- Manuscript length (including all references, tables, figures) should be no more than 15 pages (standard 21.1 x 29.7 cm page size).
- All figures, illustrations, and graphs must be provided in the text.
- Tables should include title and footnote. In addition, explanation for abbreviation and symbols appeared in the tables is required. All tables must also be provided in the text.
- Identifying teeth by their name, rather than a number or letter. Be consistent throughout the manuscript. If it is not possible to use the name, use FDI two-digit system after which their full names have been firstly mentioned in the text.
- Follow internationally accepted rules and conventions: use the international system of units (SI). If other units are mentioned, please give their equivalent in SI.
- Abbreviation should be explained in the parenthesis when first used. Avoid using abbreviation in title and abstract.

Manuscript format
Please order the manuscript as follows: Title, Abstract, Introduction, Materials and Methods, Results, Discussion, Conclusion, Acknowledgements, References, Start each section on a separate page.

Title page
- The title page should contain:
  1. Title: a concise and informative title (do not include numbers, acronyms, abbreviations).
  2. Corresponding Author must provide: full name, complete address, phone, fax, and a valid e-mail address, which will be used for all communication with the journal.
  3. Author information including:
    3.1 Full name of all authors
    3.2 Complete mailing address for each author
    3.3 Degrees (e.g. DDS, PhD)
    3.4 Affiliation (e.g. Department of Stomatology, Faculty of Dentistry, Srinakharinwirot University)

English manuscript requires both Thai and English abstract for Thai authors.

Abstract
- 250 words or less.
- Indicate subheadings as follows: Objectives, Methods, Results, and Conclusions.

All abstracts must be submitted in English. Manuscript written in Thai and/or Thai authors need to include abstract in both languages.

Keywords: Up to 3-6 keywords should be provided, and selected from Medical Subject Headings (MeSH). Information on the selection of key words: see http://www.nlm.nih.gov/mesh/MBrowser.html.
Introduction

- Briefly explain the existing knowledge, and demonstrate the problems leading to the main objectives of the research.

Materials and methods

- Describe the procedures in detail.
- If human subjects or related specimens (including teeth, saliva, tissues) have been involved in the research, please state evidence of IRB or local ethical committee approval, including an obtaining of informed consent. When laboratory animals are used, inform the level of institutional review allowing for human practices, as appropriated.
- Provide names and sources of all instruments or commercial products e.g. “a Moor Type MBF3D/42 blood flow monitor (Moor Instruments, Axminster, England)...”
- Statistics used in the manuscript should be clearly demonstrated.

Results

- Report data directly with complete statistical analysis.
- Always describe statistic values with standard errors or standard deviations, including particular degree of probability level e.g. $p=0.026$ or $p<0.05$
- Tables and figures should be numbered in the order in which they are described and cited in the text.

Discussion

- Carefully explain and evaluate data.
- Compare with other findings particularly what causes the difference.
- Suggest directions for future research.

Conclusion (if included)

- State shortly the most important finding of the research.
- Do not repeat Results or Discussion.

Acknowledgements

- Inform all assistances from individuals as appropriated.
- Report all sources of grant and other support for the project.

References

- All reference must be written in English.
- Citations should be numbered consecutively in parentheses as they appear in the text and they should present after punctuation e.g. text [1,4-7,9,10].
- Examples of reference citation formats:
  - Journal article:
  - Books/ Book chapters:
- Dissertation:

- Proceeding:

- In press

- Online First Publication

- Online Abstract

- Online Only Article

Tables and Figures

Tables
- All tables must be inserted in the text.
- Use explanatory footnotes if possible. In the table or title, indicate the order of footnotes with lower-case letters in superscript. If needed in footnotes, cite the short form of references in parentheses.

Figures
- All figures must be inserted in the text.
- Clearly numbered files containing figures to indicate their placement in the text
- Illustrations, graphs and figures must be provided as TIFF or JPEG files (8.9 x 16 cm) with a minimum resolution of 600 dpi.
- Radiographic images should be prepared by taking a photo in black and white from original films, or using digital imaging when applicable. Put magnification markers directly on the micrographs.

Review process
All submissions will be reviewed by at least 2 independent reviewers and a member of the editorial boards. Please note that the authors agree to transfer copyright to SWU Dent J on submission, if the manuscript is accepted for publication. Attempts to reproduce parts of the article may be done with written permission from SWU Dent J.

Conflicts of Interest

Authors must state all possible conflicts of interest in the manuscript, including financial, consultant, institutional and other relationships that might lead to bias or a conflict of interest. If there is no conflict of interest, this should also be explicitly stated as none declared. All sources of funding should be acknowledged in the manuscript. All relevant conflicts of interest and sources of funding should be included on the title page of the manuscript with the heading “Conflicts of Interest and Source of Funding”.

Ethical and Legal Considerations and Copyright Transfer

A submitted manuscript must be an original contribution not previously published (except as an abstract or a preliminary report), must not be under consideration for publication elsewhere, and, if accepted, must not be published elsewhere in similar form, in any language, without the consent of SWU Dent J. Each person listed as an author is expected to have participated in the study to a significant extent. All authors must sign and submit the copyright transfer letter together with journal submission.

Notice: Author guidelines in Thai language is available at the journal website http://ejournals.swu.ac.th/index.php/swudentj.
